

Keeping in Touch

news & updates September 2022

Bowenwork, glymphatics and sensory processing disorder: Have you had success when working with a client who is on the Asperger's/autism spectrum? Kathryn Jul shares both testimony and theory about how working with the lymphatic system may affect communication pathways to the brain, creating significant behavioral changes in this client base. [Read More](#)

CrossFit Clinics. Emily Deneault was a clinical scientist working in a hospital laboratory when she started taking Bowenwork classes. She had no intention of becoming a full-time practitioner in the beginning, but curiosity and multiple successes in her sessions kept her on the Bowenwork path. In this article, she discusses one of her secrets to success. And it

Call for success stories: Share your excitement! The ABA is looking for testimonials to share in the newsletter, on social media, and on our website. Send us your every day "wins," feedback from clients, or signs from your sessions that let you know Bowenwork works. Long or short, we want to hear it all! Please send submissions to leahrberger@gmail.com

Having trouble finding emails from the ABA in your inbox? Click on the short video above to learn how to make sure you don't have to search for this newsletter and ABA emails anymore.

CLASSES scheduled now

This website page, updated twice each month, shows how many of each type of class are currently scheduled. Click [here](#) to see **all** of your current options on a single page ... and then read their syllabi.

MILESTONES practitioners, students

We post the names of practitioners who have earned certificates. We will also report briefly on outreach efforts that you tell us about (hint hint). Click [here](#) to see the latest. We plan on adding images soon.

PRODUCTS Bowenwork-related

Many practitioners find products here that are effective in promoting their Bowenwork practices, e.g., the small Wilks book and the Academy brochure. To find these and other products, click [here](#).
